For purposes of said Act 87, “product” means a basic insurance policy form delineating the terms, provisions and conditions of a specific type of coverage under a particular type of contract; or for property and casualty insurance policy forms only, a basic insurance policy form which combines more than one line of business within one policy form at a single premium.

Pursuant to said Act 87, the new fees for form filings are as follows:

##### Property and Casualty Insurance

For each company filing of property and casualty insurance policy forms, per product: \$100.

For each company filing to adopt a reference or item filing of advisory organization's form reference filing (not applicable to service purchasers, who must file the actual forms as shown above): \$20.

For each company filing of property and casualty insurance policy endorsements, amendments, or riders: \$25.

### Life, Health, and Accident Insurance

For each company filing of life, health, and accident insurance policy forms or health maintenance organization subscriber agreements, per product: \$100.

For each company filing of Medicare supplement insurance premium rates, rating schedule, and supporting documentation, per type of standard benefit plan: \$100. There are no fees charged for premium rate filings submitted for pre-standardized benefit plans.

For each company filing of Medicare supplement insurance advertisements, per submission: \$100.

### Self-Insured Health and Accident Insurance
